Product Introduction - High Lights

Modular & Versatile Design

Combines two inflatable SUP (stand-up paddle) boards into a stable catamaran, which can also be disassembled for individual use, maximizing the value of your water sports gear.

Ultra-Portable & Easy Storage

The entire set deflates into a compact, packable size that fits in most car trunks, making it easy to transport and store without needing a dedicated boat trailer.

Exceptional Stability on Water

The twin-hull catamaran structure delivers outstanding balance and anti-rolling performance, ensuring a safe, wobble-free ride for casual cruising, fishing, or family outings.

Comfortable All-Day Leisure Experience

Equipped with two ergonomic folding seats and a retractable sun canopy, it provides shaded seating for two, perfect for long, relaxed days on the lake or calm rivers.

Large-Capacity Storage Solution

Features an integrated 80L waterproof storage box with a countertop, ideal for storing drinks, snacks, fishing gear, or personal items during your trip.

Tool-Free Quick Assembly

The snap-fit polymer frame requires no professional tools, allowing you to set up the entire boat in minutes, so you can spend more time on the water and less time on preparation.
